Important Questions

Important Questions	Answers	Why This Matters
What is the overall deductible?	$3,500 individual / $7,000 family. Non-embedded: the whole family deductible must be met before the plan pays for any family member.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay.
Are there services covered before you meet your deductible?	Yes. Preventive care and primary care visits are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount.
What is the out-of-pocket limit for this plan?	$8,000 individual / $16,000 family.	The out-of-pocket limit is the most you could pay in a year for covered services.
What is not included in the out-of-pocket limit?	Premiums, balance-billed charges, penalties for failure to obtain preauthorization, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. This plan uses the Cedar Valley Select network. Out-of-network care is covered at 50% coinsurance after the deductible.	You pay the least if you use a provider in the plan's network.
Do you need a referral to see a specialist?	Yes. You need a written referral from your primary care provider.	This plan will pay some or all of the costs to see a specialist for covered services, but only if you have a referral before you see the specialist.
