Meridian Health Cooperative

Catastrophic Shield 10150 — Plan Summary

Plan code: MHC-CAT-10150

Plan effective 2026-01-01 through 2026-12-31

Meridian Health Cooperative is a fictional insurer used for testing.

1. Who can enroll

This catastrophic plan is available to people under age 30, or to people of any age with a hardship or affordability exemption.

2. What you pay

Deductible: $10,150 per person. The deductible is the same as the out-of-pocket maximum: once you have paid $10,150 for covered services, the plan pays 100% for the rest of the year.

Before the deductible, the plan covers preventive care at no cost and three primary care visits per year at a $40 copay each.

All other services, including specialist visits, urgent care and prescriptions, are paid in full by you until the deductible is met.

3. Pre-service review

Pre-service review is required for planned hospital stays, organ transplants and bariatric surgery. Ask your doctor to contact Meridian at least 7 days before the service. Without pre-service review, Meridian may not pay the claim.

4. Covered services

Emergency care, hospital stays, surgery, maternity care, mental health care, prescription drugs and rehabilitation are covered after the deductible. Rehabilitation therapy is limited to 20 visits per year.

5. Not covered

Adult dental and vision care, cosmetic procedures, hearing aids, and long-term care are not covered.
